

Sunderstorm Wins Most Accurately Formulated Edible 2018 Award at CannaSafe Cannabis Testing Lab's First Annual Awards Party 'The Cannys'

LOS ANGELES ? April 12, 2019 /[Canna Newswire](#)/ ?]Sunderstorm, a premiere California lifestyle Cannabis brand and manufacturer, received recognition as the 'Most Accurately Formulated Edible in 2018' this weekend at the first annual CannaSafe awards party, The Cannys. Honoring the industry's safest, most accurate and highest quality brands, CannaSafe awarded the win to Sunderstorm for their Kanha Peach Gummies.

'At Sunderstorm, we diligently strive to produce the highest quality science-based Cannabis products,' Cameron Clarke CEO of Sunderstorm commented. 'We implement rigorous stand- ards of homogeneity, consistent dosing, a Zero Pesticide Policy, and a clean GMP manufactur- ing environment, which allows us to deliver safe and superior edibles through our Kanha brand. We have been pleased to work with CannaSafe for over 3 years and are excited to win this award that recognizes the hard work our team puts forth ensuring we offer the most consistent experience and best-tasting gummies in the market.'

Kanha gummies are infused with high quality Cannabis oils scientifically extracted to provide a reliable dosage and a pure, enjoyable experience. Available in 16 all-natural varieties including Indica Strawberry, Sativa Cherry, Hybrid Watermelon, and 4:1 Peach CBD.
