The WeedCon Cup awards recognize the best of the best in cannabis flower, edibles, concentrates, topicals, dispensaries, and packaging. This year's awards winners were judged by a panel of cannabis professionals, celebrities, and musicians including David Crosby.

dr. delights CBD Relieve vape pen now has two first-place trophies on the shelf after this win and the award for "Best CBD Vape Cartridge" at CBD Expo West 2018. These wins bring dr. delights to an impressive total of 9 awards received in the last year alone.

### **The Secret to Their Success**

As a family-owned company, their passion stems from the desire to create natural yet effective wellness solutions for their community. The key to the product's success are natural, science-based formulations that target outcomes such as mood lift, pain relief, relaxation, and sleep support. Each product is carefully crafted to target each outcome with a specially selected mix of thc/cbd ratios, terpenes, and essential oils. Their salves and tinctures are blended with high-quality carrier oils chosen to support each outcome and to ensure effective delivery and absorption in every dose.
