

## Jerome Baker Designs Partners with Root Bioscience to Deliver High Quality CBD Products

### Legacy cannabis brand disrupts market with highest quality CBD offering to date

**MORRISVILLE, N.C. ? July 23, 2019 /Canna Newswire/ ?** ]North Carolina hemp manufacturer [Root Bioscience](#) today announced a partnership with [Jerome Baker Designs](#) to produce Jerome Baker CBD, a new line of cannabidiol (CBD) products including full and broad spectrum hemp extract tinctures and salves. Jerome Baker Designs is the original innovator of fine, handblown smoking devices since 1991. The new product line taps Root Bioscience's manufacturing expertise and Green Root Extraction Services (GRES) alliance, which provides high-quality hemp products, grown and processed in North Carolina, and rigorously tested by third-party labs.

?CBD is rapidly growing in popularity and we need a manufacturer that can scale to meet the demand of the new Jerome Baker CBD brand,? said Jason Harris, founder of Jerome Baker Designs. ?We're continuously innovating to provide uniquely functional, yet stylish cannabis delivery methods. We are excited to debut our best CBD product to date and could not have done it without the Root Bioscience team. Garrett Perdue and his team have control over every aspect of the manufacturing process, from plant selection to bottling, which helps ensure the highest possible quality product.?

Each package of Jerome Baker CBD features a QR code on the packaging that will take the consumer directly to the third-party report about the contents of the bottle ? giving customers peace of mind that what is listed on the label is in the bottle. Tincture packaging also includes dosage on both the box and dropper, making it easy for customers to use the correct dose every time.

?Delivering quality, trustworthy CBD products is at the core of the Root Bioscience mission,? said Garrett Perdue, CEO of Root Bioscience. ?As a science company working in the cannabis industry, we are proud to partner with a well-respected brand like Jerome Baker Designs to share our top-quality hemp and rigorously tested products with a broad range of customers.?
