['Wake Up: The Happy Brain' is currently available at Amazon.com.](#)

This book literally offers something for everyone, from stories that detail personal recovery and new perspectives on getting back to the basics, to thriving in an increasingly complex world.

One of the readers said, "The authors in Wake Up: The Happy Brain explore methods, devices, treatments, or approaches that transcend the traditional medical model. Every chapter is delivered in a way that makes the reader feel they are having a face-to-face conversation with each author. More than that, the combined knowledge of these professionals is a wealth of information on how to achieve and keep a happy brain!"
